PATRON'S MESSAGE

FaithActs was established in 2004 to serve and support youths-at-risk in Commonwealth Drive. As a dynamic social service agency offering a wide range of programmes, FaithActs has since grown and developed its breadth and depth of services and now serves children, families and seniors.

In the past year, FaithActs has launched new services, including one-on-one specialized learning for children, music and dance activities for seniors (e.g. ukulele, angklung, chair Zumba), and a community health post for residents. FaithActs has also extended its outreach to the new estates along Margaret Drive.

As a key partner of Queenstown Health District pilot, FaithActs plays an instrumental role in the Health District's work in areas such as purposeful longevity and geron-technology.

FaithActs' appointment as the operator for SG Cares Volunteer Centre at Queenstown has strengthened FaithActs' network of partnerships and put FaithActs in a position of strength to better reach out to and to serve more residents.

In conclusion, I am thankful for the unwavering commitment demonstrated by all volunteers and those who had supported FaithActs in one way or another. I am also grateful for the dedication of the FaithActs team in genuinely and thoughtfully caring for their charges.

JOINT MESSAGE

BY PASTOR AND CHAPLAIN

We thank God for seeing FaithActs through over these past 18 years. FaithActs has worked tirelessly to support her beneficiaries by bringing hope and comfort to the dysfunctional families, disturbed youths, disadvantaged children and distressed seniors through a wide range of focused intervention programmes.

To build a caring community with the love of Christ, we are heartened that our members have assisted some families in relocating from Tanglin Halt to the new Dawson estate. There are others who are still working closely with FaithActs to befriend seniors who live alone.

In our recent Church's 56th Anniversary: Project Be-A-Blessing, more than 30 FaithActs' families have their wishes granted. As part of a community of Christ to show care, we need every pair of hands to bring warmth and to lift the less fortunate. The Church will continue to support the work of FaithActs.

We deeply appreciate the commitment of everyone involved with FaithActs to contribute to the building of a community of love, as in 1 John 4:16, "So we have come to know and to believe the love that God has for us. God is love, and whoever abides in love abides in God, and God abides in him." – English Standard Version

REV REUBEN NG | Pastor-in-charge of Faith Methodist Church

CHAIRMAN'S MESSAGE

For these 18 years of community care service, FaithActs leaves footprints of care and love in our beneficiaries' lives. I am heartened to learn from the following testimony of how FaithActs' staff and volunteers impacted the lives of her participants.

This year marked several milestones for FaithActs as she continues her work in the community. In January this year, FaithActs was appointed as SG Cares Volunteer Centre @ Queenstown. This gives FaithActs the opportunity to foster greater partnerships among the various stakeholders on the ground.

Another significant achievement for FaithActs is the expansion of another Centre at Block 40 Margaret Drive. Given this new site, it breaks new ground for FaithActs to leave more footprints and create additional well-meaning bridges throughout the community.

I am thankful to the staff and volunteers for their concerted efforts in touching the lives of different ones. Quoting the words from an author, Krista Ritchie, "we all traverse in and out of people's worlds, leaving footprints. Some larger, some smaller, but there is always a mark. We can't sweep it away." It is my wish that all of us do our part to make new memories and leave footprints as we serve the community together.

DR LEE WEE LEONG | Chairperson

My dad was introduced to the FaithActs' Senior fitness programme by a physiotherapist at Alexandra Hospital. As someone who was diagnosed as having early dementia, having a regular group fitness routine would have been beneficial to my dad's physical and social well-being. Subsequently my aunt and uncle also expressed interest in the programme. Hence the three of them signed up for the Friday morning session. Having each other's company is a motivating force for regular attendance. All three of them are now in the second series of 10 weekly workout sessions. I've observed an improvement in fitness level for all of them. My dad's pulse rate has improved, from low 50s in the past to current low 60s. I've also witnessed my dad slowly reverting to his gregarious self, engaging in small talks with fellow attendees and staff members. I credit this achievement to the affable and dedicated staff and volunteers of FaithActs. Their genuine concern and desire to help the seniors gave me the assurance the elderly are in good hands. I hope and I know the staff and volunteers will continue their good work.

Over the years, The Learning Hub has been a consistent space for children whose parents are looking for child care support as they seek employment. Through our network of volunteers, we are committed to providing homework support, enrichment workshops and a variety of engaging activities for our children. The programme has reached out to 84 children over the past 6 years. This year, we have a total of 38 children in the programme.

TUITION

The tuition programme aims to provide a safe platform for students to develop confidence and motivation so that they are able to cope with their academic, social, and emotional needs. Our passionate and committed volunteer tutors build rapport and journey with their students during their time at FaithActs while supporting them in their studies. One of our current youths was empowered to share about courage and his journey in FaithActs so far during one of the orientations in 2022. 42 students on Wednesdays and 34 students on Thursdays have been supported by 40 and 36 volunteers respectively.

KIDSLEAP

Since 2014, KidsLeap has aimed to improve the children's proficiency in the English Language through the three different segments below.

Basic (Reading):

Through the use of storybooks, we hope to build the literacy skills of our P1 & P2s in a fun and engaging manner. These skills include word recognition, verbal fluency and neat handwriting. Our volunteers support the children by teaching them to express themselves with confidence and developing an interest in reading in them. This segment of KidsLEAP has engaged 13 children through 5 volunteers in the past year.

Advanced (Online):

This segment aims to improve P3 & P4's proficiency in English and to translate these improvements into better exam results. It focuses on English grammar, reading comprehension and composition writing. In addition, student volunteers run short life-skill workshops after every lesson to make it a well-rounded and engaging programme. With the support of 26 volunteers, we have engaged 28 children.

Specialised Individual Learning:

This segment aims to support children with dyslexic and other specific learning needs, and require specific one-on-one support from a trained volunteer. We have had 1 volunteer providing these sessions to 2 children with dyslexia and additional learning needs.

EARLY LEARNING PROGRAMME PLUS (ELP+)

Online and Physical Lessons (April to November)

Since 2019, FaithActs has partnered EDIS Cares and Learning Vessels to carry out this programme to support graduating students from ELP and for other P2 students who are weak in the English Language. Using an in-house curriculum, trained volunteers work with the children on their grammar and reading comprehension.

Specialist evaluations are also available for children who show signs of learning difficulties so that early intervention measures can be taken to help them. ELP+ has adopted a hybrid model of providing online and/or physical lessons according to the child's needs. This flexibility has allowed us to support 42 children with the help of 42 volunteers.

JUNIOR CHEF

The programme aims to help children and youths learn how to prepare simple meal for themselves. It also educates children to bond with their family through chores or preparation of simple meals to appreciate them. The programme taught patience and creativity as preparing a meal or dish takes time. They learn to be patient and creative as preparation for a meal or dish takes time.

THURSDAYS
(3.00PM TO 5.30PM)

FOR PRIMARY

GROUP WORK, TALKS, WORKSHOPS

Character development and life skills training of our younger generation is important to us. Through onsite and online programmes and engagements, we aim to provide the opportunity for our youths and children to cultivate different types of interest while inculcating social and community values.

WALK-THE-TALK PROGRAMME

MONTHLY
(4:30PM TO 5:30PM)

FOR PRIMARY

The programme was piloted on 20 Jan 2020 to develop and nurture essential lifelong values such as morals, care for others, respect in communal living (e.g. respect for race/religions, country, authority, elderly, etc.), and the roles and responsibilities every individual plays at home and in the society. The boys benefitted greatly from the programmes as we see better grades and behaviour. 13 boys, aged 7 to 12, have benefitted from the programme.

A reading activity was arranged with Vincent Ong from BigV Pte Ltd for a special Walk the Talk programme held at The Zall bookstore. The boys listened intently to our volunteer as he shared about the values in the story and had a fun-filled lunch engagement.

SPORTS, ADVENTURE & OUTINGS

Common experiences and activities bridge children and youths from different backgrounds to learn about inclusiveness and community living. We are grateful that with the easing of Covid-19 restrictions, we are able to provide more opportunities for the children to discover and explore their potential.

CULINARY APPRECIATION WORKSHOP

The Culinary Appreciation Workshop is a school-based programme to educate students on nutrition, ways to handle food and kitchen safety. It also imparts shared values such as team building and caring. The theme for this year is "Cook for Mama!" – where the students cook a special dish for Mother's Day.

22 students from New Town Primary School participated in this year's programme. A total of 81 students have gone through the programme since it started 7 years ago.

LEARNING JOURNEY

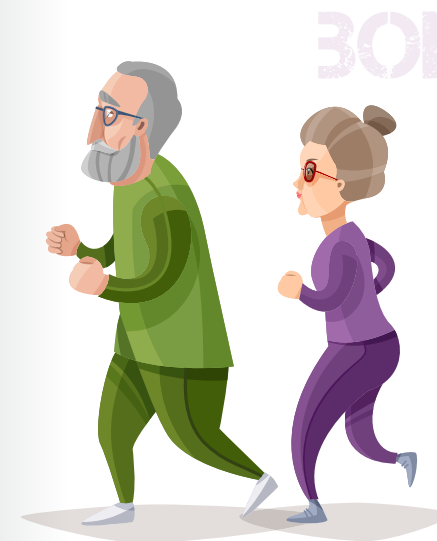

The Learning Journey aims to connect students with the community by helping seniors to keep their home safe by:

- Fact finding if the home, food items are safe;
- Chat over a meal to understand their needs;
- Help to declutter and clean their home;
- Provide feedback to agency on the results of their fact finding;

The students spent about 2-3 hours in the home to interact with the seniors under the supervision of a staff and parent-volunteer. 29 homes were visited by 164 students.

CASEWORK AND COUNSELLING

As the economy slowly picks up with Covid-19 under control, inflation due to the Russian-Ukraine war has impacted Singapore rather significantly. FaithActs continues to provide a helping hand to families in need, working closely with various social service agencies to support the beneficiaries holistically.

The goal is for each person to come to better understanding of who they are, and be able to manage difficulties with guidance from our case workers. Assistance is provided on 3 levels; counselling (youths, families and seniors), financial assistance and information and referral.

390 CASES (AS AT JUL 2022)

Story of Mdm Pillai

Mdm Pillai * (not her real name) was first referred to FaithActs in 2018 by the hospital for home wellness as part of the discharge plan. As she was diabetic and suffered high fall risk, FaithActs worked with a corporation, ISO Team, and volunteers to improve her home condition to ensure her safety. After subsequent falls, Mdm Pillai had to be emplaced in a nursing home.

Mdm Pillai felt extremely lonely and she looked forward to friends visiting her. FaithActs continued to visit her and connected her with other volunteers. However, her condition started to deteriorate during the Covid-19 pandemic when visitations to the home were restricted. When the borders were eased, her niece from Malaysia managed to visit her before she passed on. Through the years of engaging Mdm Pillai, she often referred FaithActs as her “good friend” who visited or kept in touch with her regularly even through the pandemic challenges.

BURSARY & SCHOLARSHIP

The Bursary and Scholarship Award support students from low income families to relieve them from their educational expenses in their schooling journey. We hope to motivate them to achieve better results benefitting themselves and the community. Bursary is open to students aged 7-25 years old. SELECTIVE REDEVELOPMENT SCHEME (SERS)

Relocation

By July 2022, most residents at Tanglin Halt have moved to the new estate at Dawson-Margaret Drive. FaithActs assisted in getting renovation contractors, movers, packing/unpacking, co-ordinating with HDB and PUB to terminate and transfer the services for the seniors. We also liaised with Town Council to dispose the bulky items from the old house. Though the physical move was manageable, however, emotionally, some of our seniors were traumatised by the high floor and getting around the new estate where amenities were still lacking.

Return

Most of our seniors who have moved to Dawson-Margaret Drive feel isolated in the new environment. They missed the programmes and meeting up with friends at FaithActs. In order to continue engaging them, FaithActs started our weekly transport service in April 2022 to bring these seniors back to our Centre for their activities. To date, we have 18 seniors taking the transport.

Resettlement

Story Of Mdm Wong

Mdm Wong Ying (94), loves coming to FaithActs at Block 50 from Tuesday till Friday. Unfortunately, a fall in Nov 2020 hampered her daily routine. After recuperating for more than a year, she returned to Tanglin Halt and then relocated to Margaret Drive. However, as the amenities were not ready then, she has had difficulty getting food. FaithActs assisted her by arranging meal deliveries to her home.

Mdm Wong's mobility was no longer as good as before, and hence she was fearful walking out

of her house alone especially when construction around the blocks was still underway. She felt very lonely and isolated in the new home, and missed FaithActs and her friends. In Apr 2022, FaithActs started a shuttle service every Wednesday to ferry some of the seniors to the centre for exercises, games and grocery shopping. The seniors were very happy and appreciative for the arrangement.

HOME WELLNESS

Through our home wellness programme, staff and volunteers have helped to declutter, clean and maintain 26 homes. With an increasing number of seniors living alone and due to their frailty, household chores have become a challenge. Staff and volunteers regularly check on their home to ensure home safety since seniors have high fall risk.

PERSONAL WELLNESS

Grooming

Having well maintained hair and nails are ways we support the seniors. As seniors have problem bending to cut their toe nails or some with eye sight issues, it would not be easy for the older people to handle. These basic care in personal grooming will promote positive feelings of self and make them feel good.

Health District @Queenstown (officially launched on 20 Oct 2021 by HDB/NUS/NUHS)

Queenstown is selected as the pilot site for the Health District as the town has one of the oldest populations in Singapore. There would be various upcoming development and rejuvenation plans for Queenstown to ensure better well-being of residents, promote health-seeking behaviours, and encourage social connections. FaithActs is involved in the following:

Workstream 2: Purposeful Longevity/Ageing

- Survey briefing (1 Apr 2022)
- Commencement of survey with our seniors (29 Apr 2022)
- Planning on Talks & Workshops (6 May 2022)
- Talk on Ibasho concept (28 May 2022)

Ibasho

"Ibasho means a place where you can feel like yourself in Japanese. At Ibasho, we believe this is what every person should have as they age – a place to live in safety, comfort and dignity, where he or she is valued as a person full of history and experience," Prof Emi Kiyota, Founder of Ibasho.

As part of Health District Purposeful Longevity, FaithActs – Ibasho Hub will be located at our new site at Margaret Drive. The concept operates on the fact that older people are a valuable asset to the community and they can be empowered to contribute to the society. The new centre aims to garner all generations together to co-create the space where local culture, traditions are respected; communities are environmentally, economically and socially sustainable; and growth of the community is organic and embraces imperfection gracefully. Led by Prof Emi Kiyota, four workshops have been planned between May and September 2022 to guide the volunteers in envisioning, planning and implementing our very own and first Ibasho in Singapore.

Corporate Social Responsibility & Partnerships

Social Responsibility is one of Nunchi Marine's core values hence the company strongly believes in stepping up to help those in need and make a difference in society. Education is an important foundation in life and underprivileged students should not be deprived of the opportunity to pursue a future and dream of their own.

Through partnering with the Educational and Enrichment Programme, they hope that the awards will open the doors for many underprivileged students and in turn, they will remember the opportunities once bestowed to them and give back to their communities in the future.

Our student's testimony

"The day I got my A-level results was very nerve-wracking, but very rewarding when I saw that my hard work paid off. After that, I spent about a month picking my major and applying to different universities, while sourcing for part-time jobs. After finishing my applications, I went straight to work, mostly 5-6 days a week, up till weeks before university started. In preparation for the new semester, I had to start searching for a new laptop and other necessities, which was a big investment. Now that university has started, I'm coping quite well and have made some friends who have helped to make the transition much smoother."

Sally* (not her real name), a first-year student at NUS who benefited from the Educational and Enrichment Programme. Nunchi Marine is one of the sponsors for FaithActs Bursary and Scholarship Programme 2022.
