OUR STORIES

Togetherness

“I am grateful to FaithActs for giving me support because of that, I have the peace to carry on. Now I can manage caring for my daughter and enrol her for primary education in Singapore, knowing that my son is in good hands,”

- Mei Leng

“I don’t know how it became like this,” says Mei Leng, a mother of two children. What began as a happy marriage quickly turned sour due to failures in her husband’s business. Quarrels became increasingly frequent, and it was only a matter of time before matters escalated.

“For the sake of my children, I had to leave. They should not grow up in such an environment,” she says.

With no place to go and no one to turn to, she had to seek social help. Mei Leng is currently estranged from her husband and living at a shelter with her children.

Due to concerns over the lack of a conducive environment for her son, Seng Kee, and being tied down with caregiving duties for her young daughter, she approached FaithActs for help.

Today, Seng Kee is enrolled at The Learning Hub, an after-school programme where primary school children are supervised in their learning and play time. He can be seen happily interacting and learning alongside his peers.

Though this does not solve all of Mei Leng’s problems, it provides her with some much needed respite in the midst of her struggles.

Together

as a Family

"I am grateful to FaithActs for this rare opportunity to travel overseas with my three children to Taiwan. This trip truly holds precious memories for me. Thank you Starhub and Michelle Chia for coming with us!"

- Mdm Quek, 39

Mdm Quek, a single mother of three, struggles daily just to provide the basic necessities for her and her family.

The thought of travelling has never crossed her mind as she knows it will be beyond what she can afford.

FaithActs, in collaboration with Starhub TV, together with Michelle Chia, surprised Mdm Quek and her family with a sponsored trip to Taiwan!

The family was overjoyed as they were able to have this valuable family time together that they richly deserve.
