

In this final newsletter for 2018, we would like to thank all our supporters for your contributions to help our children and youth in their education and development, provide for our needy families and care for our lonely seniors. Together, you have journeyed with us to make lives better for every individual.

Battles of Life

An Unschooled Child

Sasha (not her real name), 10, was referred to us by a family service centre. From the background of family violence, her Singaporean mother brought her back to Singapore where they now live in a friend's home.

Sasha is shy and speaks little English. We provided her a learning environment where a volunteer comes regularly to coach her. We also applied for her stay in Singapore. She is waiting for her results to be admitted to a Primary School in 2019.

A Frail Couple

Mr and Mrs Lim, both in their 70s, live in a 3-room flat. There is minimum family support due to an estranged relationship with their only son. Mr Lim has diabetes, ischaemic heart disease and blood benign prostatic hyperplasia while Mrs Lim has uncontrolled hypertension and high cholesterol. Both are prone to falls and it is imperative to have a safe and clean living environment. FaithActs initiated a home improvement plan with the elderly couple. Volunteers assisted in tidying up their home, decluttering their storeroom and cleaning of the kitchen and toilets. An anonymous donor even sponsored the painting of their entire house which was a dream come true for the elderly couple. They were deeply appreciative for the kindness rendered to them.

Our Year End School Holiday Programmes

Our children had a packed school holiday programme. They had a science and sports camp, enrichment classes, Christmas party, workshops and outings. They definitely enjoyed themselves.

A Big Thank You

We would also like to take this opportunity to thank our new partners - The Arts Fission Company, Sparkletots, GovTech and EDIS-Cares. Together, we are able to bring more exciting and enriching programmes to both our young and seniors.

This year, we initiated several new programmes; GEm ~ Girls Empowered is to inculcate values appropriate for the girls' enrichment. The seniors are kept abreast with technology from our Mobile App classes while others attend our singing class called The Sound Of FaithActs. We are thankful to all who have helped us finish the year 2018 strong.
